special note:

Being in Australia again was a wonderful experience, last but not least especially because I had the opportunity and pleasure to stay and work in the studio of Antone Bruinsma. Antone`s studio you will find in 58 Cedar Creek Road, Cedar Creek via Beenleigh QLD 4207, AUSTRALIA, www.stonesculpture.com.au
To realize the idea of my sculpture it was an inspiration and amazing time to work side by side with Antone. A very special thankyou to him for that.
